ONE POSTER FOR EACH REGISTERED PARTICIPANT

- February 25, 2017 -

Poster Presentation Instructions

Poster session is an important session at the Annual International Symposium “Biosecurity and Biosafety: future trends and solutions”. It is a great opportunity for authors to present papers at the symposium meeting interested attendees for in-depth technical discussions. Poster authors are invited submit the full paper to Scientific Secretariat with the following guidelines.

Poster Presenter Check-in

Your poster presentation number will be assigned to you on site at registration

Preparing your Poster Presentation

An ideal poster should cover the KEY POINTS of the research work, and is able to (1) attract attention; (2) provide a brief overview of your work; and (3) initiate discussion and question during a short time frame.

The title of your poster should appear at the top in CAPITAL letters about 1 inch or 25mm high. Below the title, put the author(s)' name(s) and affiliation(s).

The smallest text on your poster should be at least 3/8 inches or 9mm high, and the important points should be in a larger font size.

Poster Size: Poster material must fit within the display maximum size which is width 95 cm (37.40 inches), height 145 cm (57.08 inches) (VERTICAL PRESENTATION).

Make your poster presentation easy to read with some visual display. Remember the audience may have a short time frame to pay attention to your presentation. Use colour for highlighting and to make your poster more attractive. Use pictures, diagrams, cartoons, figures, etc., rather than only text wherever possible. Make your poster as self-explanatory as possible.

Please bring extra copies of your abstract to hand out if requested during the poster session. Plan to spend the entire period of your assigned presentation time at your poster location. Please do not write or paint on the poster boards.

There will be no audio-visual equipment for poster presentations, as space does not permit it.

Please consult with the updated program which will be posted on our web site from time to time.

For further information, please contact: secretary.bioemergency@climvib.eu
