Building the foundation for BioSafety and Biosecurity Through Training

Gretchen Demmin, Ph.D., MT(ASCP)
The first step towards fixing a problem is admitting you have one.

Good luck, young grasshopper.
How do you Do Training?

Small Group

Train the Trainer

online

Mentoring
Establish a Formal Training Program

Documented Consistent Accredited
Who Needs to be Trained?
Who Needs to be Trained?

Biosafety Officers

National Biosafety & Biocontainment Training Program
Who Needs to be Trained?

- Security Officers
- Occupational Health workers
- Regulatory Agencies/Inspectors
- First Responders
- Physicians
