Alessandra Lombardi

Dr Alessandra Lombardi is a biologist at the Laboratory of Clinical Microbiology, Virology and Bioemergencies of the ASST Fatebenefratelli Sacco Hospital in Milan. She earned a B.S. in Biological Science at the University of Milan in 1987; after working for three years as an investigator in Antimicrobial susceptibility in Milan, in 1996 she completed a PhD in Experimental Medicine at the University of Messina. In the same year she started working at the ASST Fatebenefratelli Sacco Hospital as a clinical microbiologist. In 1998 she entered the specialization school in Microbiology and Virology, which she completed in 2002. In addition to being an experienced microbiologist, Dr Alessandra Lombardi is also an experienced microscopist and has published several papers on scientific revues regarding the field of microbiology, in particular in the area of the interaction between antibiotics and intestinal microflora. Since 2001 she has been in charge of the Laboratory Quality Management System of the ASST Fatebenefratelli Sacco Hospital and she is currently Coordinator of Mycobacteriology.
